

Gabrielle Jordan Introductions

With a long list of recognitions under her belt, Gabrielle has proven that age has nothing to do with determination.

Gabrielle is the owner of Jewelz of Jordan, a luxury jewelry brand she started at the age of 9. However, Gabrielle's passion for business did not stop there. Gabrielle is also the author of the #1 Amazon Bestselling book, *The Making of a Young Entrepreneur: A Kid's Guide to Developing the Mind-Set for Success* which launched her platform as a professional speaker with accomplishments such as TEDx and keynoting events and conferences internationally.

And if that was not enough, Gabrielle's desire to help youth develop the mindset for success lead her to create the ExCEL Youth Mentoring Institute, where she mentors other young entrepreneurs and social leaders.

Her accomplishments have been honored by former First Lady, Michelle Obama, and recognized by individuals like, Magic Johnson and LeBron James.

Gabrielle lives and teaches her motto "What makes you different, makes you unique. What makes you unique, makes you valuable. Embrace your Unique Value".
